Mariasole Bianco

Founder and President of Worldrise

Economy needs a
HEALTHY OCEAN

The ocean absorbs
MORE THAN 90%
of the excess heat due
to global warming

Dr. Giovanni Coppini

Senior Scientist and Director of the Ocean Predictions and Applications Division of Centro Euro-Mediterraneo sui Cambiamenti Climatici (CMCC) Foundation in Lecce, Italy

Alessandro Berton

President of UnionMare Confturismo Veneto

Ocean energy
is the fastest
growing blue
industry

The estimated cost of
marine litter
is between
€259 - €695 mn

Marta Monaco and Paolo Caminati

PRADA Group

Expert Panel Presenters

Daniele Moretti

Editor in Chief Sky TG24

Daniele Moretti is the Editor in Chief of Sky TG24 and has been there working since its foundation in 2003.

Among his achievements, Moretti has covered the 2004 and 2008 American elections, the climate alarm special in 2007, and regularly reports on the environment and science from extreme environments such as the Italian Arctic base at Ny Alesund, the Everest base camp in Nepali, the K2 base camp in Pakistan, and the Italian bases in Antarctica.

He is the director of the film "K2 - Un Urlo Dalla Vetta" (2014).

Nina Gardener

Director Strategy
International

Nina Gardener is the director of Strategy International, a consulting firm she founded specializing in Corporate Social Responsibility, sustainability and climate change. She works with both the CSR and Investor Relations departments of companies on global sustainability issues, creating public-private partnerships (such as the Barefoot college project with Enel Green Power), improving internal ESG metrics, engagement with the UN Global Compact, and on company outreach toward the Sustainable and Responsible Investor community.

A lawyer by training, Gardener has a past in corporate law, working in the Balkans for the UN, and as a consultant to the OECD. Nina is an adjunct professor at the Washington College of Law at American University and at Johns Hopkins SAIS in Washington DC teaching a course on "CSR, Business and Human Rights." She is a frequent moderator on issues relating to CSR, energy, water, climate change, women's entrepreneurship and responsible investing.

Ms. Gardener is the founding president of three professional women's associations in Europe (Prague, Paris, Rome) and has been on the advisory board of the Women's Forum for the Economy in Society since its inception in 1994.

Expert Panel Presenters

Mariasole Bianco

Founder and Chairperson
Worldrise Onlus.

Mariasole is a marine conservationist, environmental scientist and communicator.

She coordinates the Young Professionals network of the IUCN World Commission on Protected Areas, host a TV show in Italy about ocean wonders and issues, works with private sector on ocean responsibility, teaches at University of Genoa environmental dissemination and is the founder and president of Worldrise, an Italian non-profit organisation focused on marine conservation and young professional empowerment.

Giovanni Coppini

Director of the Ocean
Predictions and Applications
Division of CMCC

Dr. Giovanni Coppini holds a Phd (2010) in Pin Environmental Science: protection and management of natural resources from Bologna University. He is the Director of the Ocean Predictions and Applications Division of CMCC. Since 2003, he has worked in the field of operational oceanography applications development. Since 2018, he has held the position of co-chair of MONGOOS (Mediterranean Oceanography Network for the Global Ocean Observing System) and is also currently managing the Emergency Response Officer of the MONGOOS-REMPEC agreement.

Coppini has been a member of the JCOMM Task Team on Maritime Safety since 2012 and has been the chair of the JCOMM Expert Team Marine Environmental Emergency Response (ETMEER) since 2018. As of May 2015, he is the leader of the European Copernicus Marine Environment Monitoring Service for the Mediterranean Monitoring and Forecasting Centre (Med-MFC).

He has also been Deputy Leader of the Black Sea CMEMS-MFC since 2018. His work has been published in more than 30 papers in peer reviewed journals. At CMCC, he has coordinated and contributed to the development of several applications relevant to maritime safety based on CMEMS data including Sea-Conditions, VISIR, WITOIL and OCEAN-SAR.

Case Studies Presenters

Prada Group

Marta Monaco

Senior Corporate Communication Manager, Prada Group

Marta Monaco is the senior Corporate Communication Manager of the Prada Group. She is responsible for national and international communication strategies based on multi-stakeholder and multi-platform storytelling using traditional and digital channels, especially focusing on finance and sustainability.
